### ENGLISH PHONICS CLASS

We would like to introduce our English Phonics class. Both the format and contents are designed by our native English teachers specifically for our schools. It is an intensive phonics learning class with an emphasis on pronunciation.

The 'Phonics' course comprises 20 lessons of 45 minutes each, with no more than 8 students in each class. These small classes allow the English teacher to spend more time with each child. This provides a good opportunity for each child to acquire a better vocabulary and improve his or her pronunciation. Each lesson will focus around a particular rhyme.

Each lesson consists of the following:

#### Reading

Your child will learn to read the rhymes provided each week by sounding out each letter as taught by the English teacher.

#### Worksheets

In every lesson, your child will complete worksheets that aid the learning of that week's phonics.

#### Game

Each lesson ends with a game to reinforce the week's phonics in a fun and interactive way.

All materials required to participate in class will be included. Materials to help your child practice at home will also be included.

幼兒在學習英語時，必須首先掌握字母表中二十六个英文字母的發音。本課程旨在指導幼兒學習字母與字母發音的關係、掌握單字的組成模式，從而挑戰新的詞彙，為日後使用英語閱讀和書寫打下良好基礎。
