

EQ 超人

透過故事、短片、角色扮演和互動遊戲，讓幼兒學習正確態度和正向思考，幫助孩子建立自信心，提升情緒智商 (EQ)。有助培養良好性格發展，改善情緒控制，培養氣質和內涵。更啟導判斷能力、逆境處理能力，提升表達能力、邏輯思考能力及改善待人處事的態度。

EQ Heros

Through storytelling, short films, role-playing, and interactive games, children can learn correct attitudes and positive thinking, helping them build self-confidence and enhance their emotional intelligence quotient (EQ). This approach contributes to the cultivation of good character development, improved emotional control, and the development of temperament and inner qualities. It also stimulates the development of judgment skills, resilience in handling adversity, enhances expressive abilities, logical thinking skills, and improves attitudes towards interpersonal relationships.
